BACKING DETAILS

ECOWORX

PVC-free and 40% recycled content contribute to this backing being the most environmentally friendly on the market. Featuring 100% thermoplastic polyolefin compound with a high-performance precoat and a reinforcing layer, Ecobak offers superior performance to traditional carpet tile backing. Additionally our Ecobak backing is antimicrobial and meets Green Label Plus requirements and contributes to LEED project certification.

NOVABAK

Our Novabak backing is one of the premier, eco-friendly backings on the commercial market. Novabak meets CRI Green Label and Green Label Plus requirements. Its high-strength, enriched polymer precoat and secondary coat laminated to a woven secondary backing makes it exceptionally durable. Additionally Novabak is antimicrobial.

CLASSICBAC

With SBR latex precoat and secondary coat laminated to a woven secondary backing our Actionbak backing is incredibly durable. Meets CRI Green Label and Green Label Plus requirements.
